

Serial No. 09/923,125

Remarks

Applicant respectfully reminds the Examiner that the present application was granted a special, expedited examination status.

Applicant submits herewith a Second Supplemental Information Disclosure Statement (IDS) by Applicant (2 pages), listing additional references which are or may be material to the examination of the subject application. Copies of the additional references are enclosed. It is respectfully requested that they be made of record in the file history of the application. The required fee of \$180 for filing the IDS is also enclosed. The Commissioner is authorized to charge any fee deficiency for filing this IDS to Deposit Account No. 50-0988.

Identification of references in the IDS is not to be construed as an admission by applicant or attorneys for applicant that such references are available as "prior art" against the subject application. The right is reserved to antedate any listed reference in accordance with standard procedures.

The title of the invention has been changed to "Technique for Effectively Selecting Entertainment Programs in a Vehicle," which applicant believes is more descriptive of the invention.

Applicant gratefully acknowledges the Examiner's allowance of claims 60-69 and 80-89 over the prior art. In any event, applicant has amended claims 60 and 80 to better their form.

However, the Examiner rejected claims 70-79 and 90-98 under 35 U.S.C. 102(b) as being allegedly anticipated by Novak. Although applicant strongly disagrees with the Examiner's position, to advance prosecution of the present application, applicant has cancelled claims 70-79 and 90-98. Applicant reserves all rights to re-prosecute the cancelled claims in the future.

In view of the foregoing, each of claims 60-69 and 80-89, as amended, is believed to be in condition for allowance. Accordingly, consideration of these claims is requested

and allowance of the application is earnestly solicited.

Respectfully,
